Re: Sworn Complaint Regarding Bay Conservation and Development Commission  
Vice-Chair Anne Halsted

Dear Ms. Crowley:

This letter acknowledges that the Enforcement Division of the Fair Political Practices Commission (FPPC) received your complaint alleging Anne Halsted violated the Political Reform Act's conflict of interest prohibitions appearing in a video urging support for a ballot measure when she had received a "gift" from the ballot measure supporters. After review by staff, it was determined that there is insufficient evidence of either of these alleged potential Political Reform Act violations. A donation to the nonprofit where Ms. Halsted serves as Chair presumably does not provide personal benefit to Ms. Halsted and so is not a gift. Additionally, appearing in a video addressed to the public does not constitute "making a governmental decision." (See Gov. Code Sections 82028 and 87100.)

Sincerely,

Gary S. Winuk  
Chief, Enforcement Division

Dear Mr. Goldzband,

Thank you for your help following the Asiana Airlines 214 crash landing on Saturday, July 6, 2013. The response by the San Francisco Bay Conservation and Development Commission staff in the prompt authorization of the emergency seawall, runway and vehicle service road repair allowed us to quickly reopen Runway 28L and return the Airport to normal operations.

We appreciate your staff who played an important role in the reconstruction. We extend our personal thanks to Brad McCrea for his leadership and support.

Clearly, many individuals contributed to the expeditious and safe reopening of 28L. Please accept our appreciation for your team and your continued support of SFO.

Very truly yours,

John L. Martin  
Airport Director
